Moon

Moon in Cancer

You can sense and understand the mood and feelings of others, and are excellent at counseling and nursing. You are quite emotional, and have a natural sense of that which pleases, knowing the mood of the crowd. You can be overly protective (or protected), but are good at parenting and creating a home. Quite domestic.

Moon in 10th House

You have a natural insight and understanding as to what the public wants. Your career gets all kinds of support from other people, and you feel at home making practical and management decisions. You look to your work for strength and encouragement.

Moon Trine Mercury

Your ideas and images about the traditional (history in general) and the environment around you make it easy for you to work with and teach others. You understand and perform well with younger people and know what it takes to create a supportive environment. You handle words and tell stories with consummate skill, and others love to hear you speak or entertain. You have a touch of the Blarney Stone about you.

Moon Conjunction Mars

You can be a real moving force in the lives of others. A natural group leader or trainer, your vitality and drive are communicated to all those you contact, especially younger people. Your enthusiasm is so strong that it can sometimes be a little too much, making others uncomfortable. You put a lot of effort into those around you, and also into your surroundings and home environment.

Moon Sextile Saturn

A tireless and disciplined worker, you have a tendency to be serious and to prefer being alone over entering the social scene. You can get the most out of others, get them to work under you. A wisdom that comes from simple needs. Conservative. Careful.

Sun

Sun in Aquarius

You are open-minded and democratic, enthusiastic, and have a definite sense of mission. Above all, you are a progressive and enjoy putting into practice that which is good for all. Your altruism could appear as coolness. At home with different cultures, peoples, and lands, you love to work with (and in) groups.

Sun in 5th House

You are very expressive and outgoing when it comes to your feelings and emotions -- you

wear your heart on your sleeve. Creativity of all kinds is important to you -- music, drama, art, poetry. Also, animals and children play a large role.

Sun Conjunction Venus

You have a basic self-esteem that is plain to all who meet you. Your sense of discrimination and innate good taste means that you know good items from bad and are a connoisseur of all that is fine and beautiful. A love of authority figures (men in particular), plus an appreciation for authority and your elders in general, makes you welcome at any social scene.

Sun Square Jupiter

You tend to be stubborn and unable to make solid career choices. You get carried away and go off in directions contrary to your actual needs. Your judgment in vocational matters is often off, sending you on a wild goose chase. In addition, there is possible difficulty with authorities and the law and/or differences with older people. To use an old adage, you can (at times) be your own worst enemy. The advice of a trusted friend regarding career is to be recommended.

Sun Square Saturn

You could have trouble with authorities, due to a tendency to assert your own ambitions against the realities of the situation. You don't take to organization and you tend to let things go, ignoring responsibilities. This lack of responsibility can work against any real goals and could result in your being at odds with the law and older or respected persons, in particular men. Your lack of seriousness may undermine any valid attempts to form a base and thus get started.

Sun Square Neptune

You find yourself fighting to realize your ambitions amidst a sea of fuzzy dreams. A fear of letting go (and trusting the more mystical side of yourself) keeps you hard at it. You can't seem to let yourself dream a little, don't trust your own idealizations, and struggle between your sense of ideals and your more realistic ambitions. Your practical concerns with getting ahead and fulfilling your ambitions tend to ignore your more deep-rooted ideals and dreams. You may not trust those in authority.

Mercury

Mercury in Aquarius

You are an impartial thinker, democratic to the point of being impersonal. Fascinated by the latest technology, you have very original ideas, an inventor. Always thinking of the world as a unity, you are idealistic and believe in putting into practice what is preached. You are group-conscious, community-oriented.

Mercury in 6th House

You are skilled at using your mind in an analytical manner, always discriminating. An expert at quality control, you can spot the bad apples every time. You may be skillful when it comes to health-related matters (mental or physical).

Mercury Trine Mars

You have a great love of the written and spoken word, and ideas in all their flavors are what

you like best to work with. Your enthusiasm for mind, the intellect, and the world of ideas makes it easy for you to communicate these things to others. You would be a good teacher. You have no trouble putting your feelings into words, and what you say always carries a lot of content. You could make a fine entertainer and an excellent speaker.

Mercury Square Pluto

Getting personal with you is a real mistake, for it always manages to plunge you into turmoil. You resent probing on the part of others, yet are fascinated by behind-the-scenes and so-called "secret" information. You may prefer not to think about anything below the surface, but even this is not a constant, and this inner conflict produces more than its share of tension.

Venus

Venus in Aquarius

Marriage for convention's sake, if at all, is your motto. Let's not get too personal or emotional. A friend's friend. You love to work for a great cause or purpose, and a better world is the place to be. You appreciate what's fair and democratic, and feel most happy in a group or community.

Venus in 5th House

You probably love the theater and all that is creative, expressive, and artsy. You appreciate the dramatic, and emotional scenes are a sign of life to you. You love action, sports, and putting your heart and feelings on the line.

Venus Square Saturn

You have trouble accepting responsibilities. You don't like them. You would rather enjoy yourself at the expense of any obligations, letting them accumulate as they will. This struggle with authority and simple duty makes for great tension and diminished good times. It is hard to have fun when you are ignoring your responsibilities. What we have here is a stalemate.

Venus Square Neptune

Your value system has little room for the mystical, much less whatever the psychics are talking about. When these things crop up, you cut them off early on. Your position is simple: dreams, images, spiritual thoughts, and what-not are just not your cup of tea. You don't care for them. And yet, this whole subject fascinates you. There is a siren-like quality to all of this, calling and luring you. Sooner or later, this must be worked through.

Mars

Mars in Gemini

You have an inner need for communication of all kinds and may have too many irons in the fire at times. You can be all over the place, always trying to make one more connection. Speaking and writing are naturals. You have a need for lots of variety, a change of pace. Arguments. Mental energy.

Mars in 10th House

You are driven to manage and control things. An urge to organize and be practical amounts to a minor obsession. Your career motivation is constant and relentless.

Jupiter

Jupiter in Taurus

You have a green thumb in many areas, able to cultivate and nurture almost any subject. Making money is second nature, and you are able to field ideas and bring forth growth and success. A steady worker, you could also be a backer or money man. Accumulation.

Jupiter in 9th House

Your devotion and search for truth may carry you across the globe and certainly to the far reaches of philosophy and religious thoughts. Your career may hinge on your need to always get at the seed, essence, or heart of every question.

Jupiter Trine Uranus

You are independent and value freedom and nonconformity. A great problem-solver, you enjoy working out new solutions, trying new things. Your career will be anything but ordinary, and leave it to you to find unusual ways of supporting yourself. You bring a lot of mental skill and understanding to whatever you do, and could teach or help others to take a more independent approach to their life or career. You pursue electronics, computers, and the like.

Jupiter Conjunction Neptune

With you, dreams and ideals have become a way of life. You seek to bring them down to earth and make them real. You will, as the song says, never let your dreams depart. Yours is a path of imagination and vision, perhaps leading to a career in music, mysticism, or the arts. You understand the forest behind the trees and the unity beyond all separateness.

Saturn

Saturn in Taurus

You have difficulty feeling secure. You avoid routine and can't seem to find the right environment for growth and development. This could include a fear of wealth and possessions. You need to develop the steady domestic virtues: routine work, regular growth, commitments, and so on.

Saturn in 8th House

You can be very demanding when it comes to what is essential or central to a situation. You are exacting when it comes to getting down to the nitty-gritty. This is excellent for business or quality control. You like nothing but the best.

Saturn Conjunction Neptune

You may have difficulty letting go and being imaginative. Your no-nonsense, practical approach makes subjects like the unity of life, ideals, and dreamy stuff hard for you to take. However, your dreams and ideals are very important to you, and you methodically go about putting them into practice. You have little interest in the spirituality and psyches that are rampant today. You see through that and value the essential unity behind all religions. You could bring imagination and religious understanding to physical and scientific studies.

Uranus

Uranus in Virgo

You find new ways to serve others and you have brilliant insights into diet, health, ecology, conservation, and the like. New or alternate life styles and ways to make a living interest you. You are economy personified, always able to salvage and redeem anything. You like to tend and care for people and things. You relax by working.

Uranus in 1st House

A tendency to be eccentric and unconventional in appearance and mannerisms. Perhaps your approach to life -- the way you come on -- is unusual or different. You may be spontaneous, witty, and unpredictable.

Uranus Trine Neptune

Your insight and vision into what unites people and into the dreams and mystical regions of our mind is profound. You have an enchanting way of working and communicating with others in these matters and with music and the arts. New paths to world or personal unity are a major interest, and you have a very practical sense of how to make your dreams real.

Neptune

Neptune in Taurus

Your ideals are fertile soil and bring real growth. You find a richness in music and the arts. You have a vision of a comfortable dream, a luxurious life, where everything of value flourishes, where every good seed takes root. Romance, wealth, and great art are of interest. A rich field of experience. Sound.

Neptune in 9th House

Your dreams and ideals rest in whatever is pure and true. Philosophy and religion are your escape and refuge from the mundane world. An almost mystical imagination provides you with visions into the world as a community -- a sense of unity.

Pluto

Pluto in Taurus

You could be a terrific business person, as you have an ability to get past the surface of things and separate out that with real worth. In the area of possessions and material goods, you will go through a lot of changes, learn a lot.

Pluto in 9th House

You are passionate in your search for truth and essence. Nothing superficial or ephemeral holds your attention. Your intense analytical approach to life cuts through to the heart of things. This directness may not always endear you to others.

Node

Node in Sagittarius

Before you take on the truth, be sure you can handle it. Knowing you are right and going ahead are two different matters, and the latter can require the rest of your life. The reward, however, is to learn how things really are put together and what that truth is and the trails it

takes, in glorious detail.

Node in 3rd House

In order to fulfill the path you tend to choose, you have to know a lot and talk to a lot of people, and that may take some time. The weight comes from sheer brain drain, the reward comes as you see it all come together in one amazing whole. After you've met all the pieces, you will discover it's all of a piece.

Midheaven

Midheaven in Gemini

Some may say you are all things to all people, and that may not be fair. But don't lose opportunities where being thought of as flexible and adaptable are what some see in you. When in doubt, take the credit.

Ascendant

Ascendant in Virgo

You are careful and precise and come across as a caring and responsible person. Your attention to detail and analytical skills (and probably mental, verbal) is obvious to all meeting you. Your appearance is always refined and neat.

A time to let go of all that is worn out and superficial and to bring what you can across into your personal life. A turning away from the outer world, focusing now on personal and inner changes. New information emerging catches your whole attention.

Sun Trine Jupiter

A very lucky day for making plans or decisions and finding your way through just about any problem you may discover. You feel successful and able to cope. Good advice from a guide or older person may be forthcoming. A good day.

Sun Conjunction Uranus

Today could bring the unexpected or find you in a very unusual mood. It may be that you feel like getting away from the routine and just doing something different. New insights or breakthroughs are possible with authorities or someone older.

Sun Trine Neptune

Let yourself dream today. These days don't come too often, so don't ignore this opportunity to let your imagination loose. Perhaps a good book or movie will take on that more-than-real dimension. Consider the stars.

Mercury

Mercury in 1st House

Thoughts about yourself, your appearance, and how you come across to others may be to the fore. You may appear unusually witty or communicative.

Mercury Square Moon

You may find that your ideas and thoughts run counter to what is going on around you, resulting in a lack of support or respect for what you think. There could be arguments, especially with younger persons.

Mars Conjunction Mars

A time of much energy and drive, perfect for starting something out or taking care of business. Very physical too. Exercise or romance is in order.

Mars Square Uranus

Don't take chances or risks just now. Be satisfied with the ordinary and usual. Novel ideas or insights could be more damaging than useful. Hectic emotional energy.

Jupiter

Jupiter in 3rd House

You may find yourself succeeding and moving ahead by using your mind and thoughts. Also, communication and research in all forms could be a key area for career growth.

Jupiter Sextile Sun

Everything may be pouring in at once, and it's all good news. Your career direction gets some encouragement, and life's problems should find easy solutions. You may benefit from an older person or one in authority. Life could assume a dreamlike stance.

Jupiter Square Uranus

Career choices and direction seem to indicate a loss of freedom and originality on your part. You may feel stifled and forced to go along if you want to succeed. This could result in a situation building up to an explosive level. Tread with care.

Saturn

Saturn in 12th House

Not an easy time, during which you may have to put up with many aggravations for the sake of what you believe in. Friends that aren't so friendly may drop away, and you could find yourself standing alone in pursuit of your destiny -- a new strength.

Saturn Sextile Moon

A good time, when your efforts really pay off and things seem to run smoothly. Now you have an ability for sustained work that allows you to coordinate and organize like never before. Bring to fruition uncompleted tasks or character development.

Saturn Opposition Mercury

Mental organization and discipline may fall apart or be challenged during this time. Communication may be difficult or work at cross purposes. Hard to write or exchange letters, share ideas with others, or write that book. A lot of mental energy stirring.

Saturn Sextile Mars

Circumstances may urge you to great effort and hard work. Things are working with rather than against you, so don't hold back. However, don't overdo and try to go too far too fast. Let things take their natural course, which should be an easy one now.

Saturn Trine Saturn

Outer circumstances are favorable, and it should be easy for you to push forward in projects and in all aspects of your life. Things may seem almost magical in the way they work out in your favor. A great time to organize and get things accomplished.

Saturn Square Pluto

Not an easy time unless you like walking on eggs. Outer events could manage to challenge you at every turn by bringing up very sensitive issues, one after another. You may have to move ever so gently and with patience to avoid explosions and anger.

Uranus

Uranus in 7th House

Breakthroughs regarding relationships and the social life in general. Possibly unconventional approaches to partnerships and lovers. You may find yourself pursuing very eccentric or different methods of communicating, responding to others.

Uranus Sextile Jupiter

Breakthroughs in your career could open up during this time, making it possible for you to solve problems and reach new levels of accomplishment. Improved solutions, insights, and approaches make this an opportunity not to be passed over.

Uranus Opposition Uranus

Coming around the 42nd year, it's no wonder this aspect has been called one of "forty-tude." It often signifies an attempt to reverse the current life direction, to "stop the world, I want to get off" and redirect toward more personal, religious issues.

Uranus Sextile Neptune

There is the possibility of new visions or sudden insights into your self-image or into your ideals and dreams. A time to reshape and renew your philosophy or religion, during which your imagination is at full tilt. Breakthroughs in compassion and communion.

Neptune

Neptune in 6th House

You may become very idealistic regarding how you take care of yourself. Imaginative approaches to health, food, and self-improvement may be in order. You try to make the ideal into a reality.

Neptune Conjunction Mercury

A time of inspiration and creativity, especially if you like to write or speak -- communication of all kinds. You are able to put your dreams and ideals into words. Could also be a time when you are a fuzzy thinker about practical decisions.

Neptune Trine Mars

Moody, even dreamy, during this period of time. Your emotions and feelings could reach heights that are close to ecstatic. It is easy for you to find the proper motivation to fulfill your ideals or make your dreams into reality.

Neptune Square Jupiter

A time when false optimism and high-falootin' ideals may wind up affecting your career. It could be easy to make career moves now that are the result of deception, yours or somebody else's. Your imagination carries you in a wrong direction

Neptune Square Neptune

A time when dreams, fantasies, and the urge to be free of this hard world could themselves be a fantasy that deceives and misleads you. Your own goals and ideals may be stressed and challenged.

Neptune Square Pluto

A tendency to become unrealistic and overimaginative may lead you to ignore and deny your own need for inner growth and personal change. Your current ideals may tell you that analysis and sensitivity are not where it's at. A wrong message.

Pluto

Pluto in 4th House

Possibly radical changes affecting your sense of security, self-confidence, and family. You may find yourself transforming your home or family situation, working through superficialities and getting down to lasting values.

Pluto Opposition Moon

Your tendency to analyze, to probe, and generally to get at the heart of things finds itself at loggerheads with your living and support system. Others may resent your persistent prying and digging, and confrontations can be expected.

Pluto Sextile Mercury

Your mental energies (ideas, thoughts, and so on) may undergo some transformation or change, a natural sense of growth and development. Concentrating and getting down to really essential ideas are facilitated during this time period.

Pluto Opposition Mars

A very emotional time during which you can find your basic drive and energy ramming up against questions of security, power, and deep insecurity. You don't feel like dealing with some of the very hot psychological issues that keep springing up.

Node

Node in 6th House

The intricacies of the daily routine can become your stock in trade, to the extent that you are more married to them than you might choose, so choose only as much as you have time for. Nevertheless, it is through the gates of the obvious that the most hidden material walks, as if unseen, except by you.

Report For Franklin D. Roosevelt

Moon

Franklin D.'s Moon in Transit's 8th House

Transit may see you as an emotional resource, someone to borrow from when the chips are down. Be willing to be tapped, but not be drained, always keeping enough for yourself. Your feelings may also seem a bit mysterious, but that's to your advantage.

Franklin D.'s Moon Square Transit's Mercury

You may find that Transit has some difficulty figuring out just what it is you are feeling. Things may work at a gut level, but when it's put into words it comes out twisted. So, in some cases, things are better left unsaid, so words don't get in the way.

Franklin D.'s Moon Sextile Transit's Saturn

You don't need to censor your reactions, because you will likely never step out of bounds with Transit, whatever those boundaries seem to be. In fact, your feelings tend to reinforce the boundaries Transit has put on life, putting you on the inside.

Franklin D.'s Moon Trine Transit's Ascendant

Even when you're not making the same moves together, you'll feel like you are, as you pretty much know what to expect from Transit and are in support whether you're directly involved or not. What you see in Transit is what you would like to expect.

Sun

Franklin D.'s Sun in Transit's 3rd House

You inspire Transit to put things into words and talk it out until it's clear. Don't be afraid to push for more until you've both reached the limit. It will not be an imposition, but will serve to advance the relationship.

Franklin D.'s Sun Trine Transit's Mercury

You can be very supportive of what Transit has to say, just by throwing your weight behind it. The details needn't be important, as if the style seems right, you know that Transit is on the right track. Expect good words in return, naturally.

Franklin D.'s Sun Opposition Transit's Venus

You may not be able to impress Transit by force of personality alone -- in fact, the more ego you display, the worse it may get. Find other places to establish common ground where dazzling each other is not the issue.

Franklin D.'s Sun Trine Transit's Mars

A give and take makes rhythmic work energies flow in tandem, so that Transit's spark and push gets your shove and follow-through rolling like a steam engine. It's about passing the ball just enough to move the play forward each time.

Franklin D.'s Sun Sextile Transit's Jupiter

You are a good support for Transit's ambitions, even when not directly involved with them. Your general comments and personal approval go a long way in giving Transit the necessary confidence to move ahead and succeed.

Franklin D.'s Sun Square Transit's Ascendant

Although you may work well together, it's likely not easy to be a tight duo in person, so you might want to let one or the other lead or alternately go it alone. Where you have alternate takes on reality, take turns.

Mercury

Franklin D.'s Mercury in Transit's 4th House

Transit may come to expect you to have the last word on any personal issue, and you may indeed do just that. Feel free not to as well, or you may wind up carrying both credit and blame for weighty issues that are not entirely yours.

Franklin D.'s Mercury Opposition Transit's Moon

If you try to pin down what Transit is feeling, the chances are you'll have to chase it for a long time before you get it right. Sometimes words just aren't appropriate. And, if Transit is clueless to your most articulate speeches, try a more physical approach.

Franklin D.'s Mercury Trine Transit's Mars

Suggestions for things to do or say are few and far between; because you both already are pretty well clued-in and so don't have to debate it. You don't have to critique Transit's efforts, just give the nod, and your approval will be noted.

Franklin D.'s Mercury Opposition Transit's Saturn

Transit is not a person you want critiquing your well thought-out solutions, or they'll likely just get pulled apart. It's easy to find faults but not easy to correct them, as they may be overstated or not even there. If you disagree, drop it.

Franklin D.'s Mercury Opposition Transit's Midheaven

You can probably give Transit lots of good advice about personal image, partnership dealings, and even home scenarios, but you would be well advised to stay fairly clear of Transit's career front. You have the potential to accidentally cause harm there, so lay low.

Venus

Franklin D.'s Venus in Transit's 3rd House

A charming wit and a flattering tongue will get everybody everything in this relationship, so don't hesitate to pour it on thick. Don't expect it all to come true, but just thrashing out what you would like can be a joy.

Franklin D.'s Venus Trine Transit's Mercury

Whatever Transit says is likely to be OK with you, whether it exactly hits the spot or not. Communication should be easy and pleasant, with an ease taken for granted that others might have to strive for. Mellow chats especially satisfy.

Mars

Franklin D.'s Mars in Transit's 8th House

You can push Transit into dealing with debt, or into incurring more. Either one requires diplomacy to take the edge off what you are promoting. Similarly, you can induce housecleaning, but don't insist that Transit throw out favorite things, whatever the clutter.

Franklin D.'s Mars Sextile Transit's Moon

Your efforts will likely find emotionally fertile ground in Transit, whose reactions will be supportive and encourage you continue your labors with a smile. Similarly, your actions give Transit confidence to open up and express positive feelings.

Franklin D.'s Mars Conjunction Transit's Mars

The energy sources for both of you are in the same place, which tends to put you in similar places doing similar things. That can mean powerful cooperation or butting heads big time, depending on circumstances and how you use this close mutual position.

Franklin D.'s Mars Sextile Transit's Saturn

Transit can be a good influence on your work habits and energy expenditures in general, teaching you how to conserve your resources and get the most results out of the least efforts. A calming and sustaining influence.

Franklin D.'s Mars Sextile Transit's Midheaven

Your efforts will probably serve to enhance Transit's reputation, and vice versa, without necessarily meaning to. You just happen to be on the same page. It's something to remember when you are totaling up your resources.

Jupiter

Franklin D.'s Jupiter in Transit's 7th House

You can have a lot to teach Transit about new and creative ways to partner, bringing fresh approaches to growing together. A positive attitude toward your possibilities can make for breakthroughs in how Transit relates to you and others in general.

Franklin D.'s Jupiter Square Transit's Moon

Be careful that emotional situations don't get blown out of proportion by pursuing issues further than they should naturally go. It can be easy to get tangled in ever-spiraling change that exhausts Transit's clarity of judgment.

Franklin D.'s Jupiter Trine Transit's Sun

A mutual tendency to nudge each other into new and interesting territory can make this a very pleasant relationship. It's noticeable mainly by its comfort and the lack of pressure that still manages to easily bring forth new flowers of the heart.

Franklin D.'s Jupiter Square Transit's Venus

There's a world of delicious experiences out there to be sampled, and you and Transit may have a hard time sorting them all out. The tendency may be to move on too quickly to fully enjoy each experience, so pick just a few, take it more slowly and savor the day.

Franklin D.'s Jupiter Opposition Transit's Ascendant

Although you may have nothing but praise for Transit's appearance, it may be couched in phrases that are suggestions for change rather than simple admiration. Pick a couple of nice things and stick with them, improvements will come along soon enough.

Saturn

Franklin D.'s Saturn in Transit's 6th House

Where Transit's routine has become needlessly repetitive, reduplicative, and burdensome, you can help get rid of unnecessary tasks and thus ease the burden. On the other hand, you can be a slave driver by being overcritical and insistent. Observe, and know the difference.

Franklin D.'s Saturn Trine Transit's Saturn

Despite age differences, you may find you view life experience in similar ways, or at least you share many aspects of your fundamental outlook. Whatever momentary differences there may be, what endures will endure for both of you.

Uranus

Franklin D.'s Uranus in Transit's 10th House

Your influence on Transit's career and promotional efforts may be inspiring but erratic, and not always appreciated. Make suggestions only in private so they don't appear as public criticism but rather a reflection of your care and concern.

Neptune

Franklin D.'s Neptune in Transit's 6th House

Transit's routine may somewhat mystify you, but for that very reason it is probably not a good idea to meddle with it. Each person's work and daily duties are organized in a personal way sometimes not apparent to others. Give suggestions if you must, but let it be.

Pluto

Franklin D.'s Pluto in Transit's 7th House

The nature of partnership is equality, and that may be hard to maintain here. You need to resist the temptation to control or manipulate Transit's close personal or business relationships to achieve that. Partners are chosen, not appointed.

Midheaven

Franklin D.'s Midheaven Square Transit's Sun

When you let Transit participate in your public or professional side, you may find that things get a bit more complicated than you might have imagined. If you want to keep it simple, enjoy Transit's personal support but do your own publicity.

Franklin D.'s Midheaven Trine Transit's Mercury

Any advice from Transit on how you run your professional show will be well-taken and you'll always find a good word being spread about you from that quarter. It won't be insistent, however, so it's up to you to listen and take heed of free counsel.

Franklin D.'s Midheaven Sextile Transit's Venus

Whatever they say about you is OK by Transit, so you needn't struggle to maintain your reputation where Transit is concerned. You feel support from Transit's personal satisfaction in this regard, however things may be going otherwise.

Franklin D.'s Midheaven Opposition Transit's Jupiter
